Have you joined the Saline County Protective Tariff League? Send in your name at once, so we can get organized.

Taft received 3,085 votes California as against Roosevelt's 332,250. This was his worst defeat and placed him behind Debs. Most Republicans it seems voted for Wilson.

Here's hoping that the Republiean and Third Term parties will keep up the fight, and poll, two and four years hence, the same vote they did this year.-Lexington Intelliganer-Dem.

We are asked, what now? Will the Progressive or Republican par ty go out of existence? This is not worrying us. If there's need for a party there'll be one. And there will soon be need of the old time protection party, whether it's called Republican or Progressive does not matter.. What this country needs is an aggressive government built on policies that are known to be correct.

President-elect Woodrow Wilson has announced that he will call an extraordinary session of congress next April to revise the tariff and fulfill his campaign promises. We are very glad that he has decided to take this step, because it will relieve the uncertainty of the situation. The country is now in suspense as to what methods will be employed to "reduce the cost of living," "bust the trusts" and "cut out the robber tariff." Hard times are not much worse than threatened hard times and if the campaign promises were intended to eatch votes only, it will be a relief business can go ahead.

The entire list was made up of articles raised by our farmers, except sugar and coffee. The tariff will not lower the price of sugar and coffee much, but it is very probable that butter, eggs, meat, fall in the market, showing that short in his public accounts. iff is tinkered with

We agree with our Democratic friends that supply and demand regulate prices, but a great many of our people depend on wages for their buying power and as soon as they are out of employment their buying power ceases, which very

Democratic Ralla

The Democratic rally last Thursday was a "howling" success. From before daylight until after midnight our city was rent by the explosion of anvils, blowing horns and shouting. The crowd was far from being as large as expected but the noise was all here and all enjoyed themselvesexcept Republicans.

There were no accidents except the one to Milt Deal mentioned last week. Some of the floats in the parade were amusing. A joke was also carried out in the anvil shooting, Three anvils were on the court house lawn, the first labeled Wilson, the next Roosevelt and the third Taft. The first would let out a big roar, the second also made a good noise, but the third always fizzled and made people concurrent report from Washing- School supplies text books and Li-
